

Battery Accessories & Electrical Center

One stop display for your battery accessories and electrical wire needs.
Keep a complete line of products in a small amount of space.

Spinner Rack

Kit includes:

- 4-Sided Spinner Rack w/ 12x48 inch panels
- Complete line of battery accessories including terminals, tools, corrosion protection items, hold-downs and booster cables
- Wide variety (color, length, gauge) of electrical 12 volt automotive primary wire
- Highly visible header sign
- Planogram diagram to reduce set-up time
- Peg hooks
- Stock Re-Order Cards

08774

Part #	Packaging	Master Carton		MADE IN USA
		Quantity	Weight	
08773	Bulk	4	32 lbs.	✓
08774	Bag of 9 Dividers	4	4 lbs.	✓

4 Rod Wire Rack

- For storage and organization of spooled wire
- Holds spools up to 7" in diameter
- Wall mountable
- Grey powder coat is rust and acid resistant
- 26 1/2" W x 6" D x 37 1/2" H

Part #	Packaging	Master Carton		MADE IN USA
		Quantity	Weight	
08772	Box of 1	1	17 lbs.	✓

Two-Sided Display Rack

- * For storage and organization of wire and cable accessories
- 19 1/4" W x 48 1/4" H
(Overall Height: 60")

Part #	Packaging	Master Carton		MADE IN USA
		Quantity	Weight	
08780	Box of 1	1	20 lbs.	✓

Battery Isolators

Enhances your alternator performance for efficient charging, maximum power, longer battery life, and safer operation.

- Protects main starting battery from auxiliary drain
- Regulates current for multi-battery system
- Ideal for automotive, marine, and RV applications

Part #	Description	Packaging	Master Carton	
			Quantity	Weight
08770	Isolator 95 Amp	Clam Shell of 1	6	2 lbs.
08771	Isolator 120 Amp	Clam Shell of 1	6	3 lbs.

Isolator Installation Kits

08768

Part #	Description	Packaging	Master Carton	
			Quantity	Weight
08768 ¹	CS Isolator Kit	Clam Shell of 1	10	1 lbs.
08769 ²	Isolator Kit	Clam Shell of 1	6	1 lbs.

¹Contains: Complete instructions, various 16-14 gauge terminals

Sensor wire for "S" position on some GM alternator connectors and primary wire

²Contains: Complete instructions, various terminals and connectors, 15' of 8 gauge wire, and a 50 amp circuit breaker

Saves Time & Money

FOR YOUR CUSTOMER

PROBLEM

OE cable harnesses are expensive and require time-consuming installation.

SOLUTION

OE style quick splice cable ends are a practical solution to a complex installation.

CORYDON, IA BATTERY PLANT A-5

World's Largest and Most Modern Single-Site Battery Manufacturing Facility

Since 1946, East Penn has been producing high quality batteries and battery accessories for the automotive, commercial, marine, industrial, stationary, and specialty markets.

Facilities at its 520-acre single-site manufacturing complex in Lyon Station, PA include four automotive battery plants, an industrial battery plant, a specialty battery plant, a state-of-the-art oxide facility, an innovative recycling infrastructure, and dozens of vertically integrated capabilities and other support facilities. An additional manufacturing facility in Corydon, IA helps accommodate widespread growth. East Penn owns and operates a wire, cable, and battery accessory plant and a multiple facility distribution center just miles away from its Lyon Station complex.

New high-tech facilities and computer monitoring and control systems have made the company an industry leader in advanced battery manufacturing.

East Penn's quality manufacturing is recognized worldwide and has met the global requirements of ISO 9001 and ISO/TS 16949 certification standards. East Penn is also a leader in innovative recycling and has met global environmental requirements of ISO 14001 certification standards.

Staffed with a long-term management team, East Penn is an independent company committed to the future and dedicated to producing high-class products and service to assure complete satisfaction, above and beyond the industry standard, to our partners and customers worldwide.

East Penn's A³™ (Advanced-Cubed) precision-focused manufacturing approach delivers an optimal balance of life, power, and durability. Each function of the battery is thoroughly tested to ensure that every battery delivers optimized performance.
